Catalog of Books**

Note!

Before using this information and the products it supports, be sure to read the general information under "Notices" on page xi.

First Edition (May 1992)

This booklet applies to the IBM Online Library: Starter Kit, SK2T-2071. It is packaged with the Starter Kit and can be ordered separately. The Starter Kit is a collection of IBM books that is distributed on CD-ROMs as part of the IBM Online Library.

Publications are not stocked at the address given below. Order publications through your IBM representative, the IBM branch office serving your locality, or IBMLINK.

A brief survey and comment form is attached to the back cover of this booklet. We are interested in reactions and comments on the the IBM Online Library Starter Kit. After you have had an opportunity to use the Starter Kit, please take a few minutes to fill in the survey form. You can drop it in the U. S. Mail; the postage has already been paid by IBM. Thank you. If the survey form has been removed, address your comments to IBM Corporation, Department 30ZA, Mail Station 911, 1 Neighborhood Road, Kingston, NY 12401-1099. If you have access to an electronic mail service, you can send your comments directly to:

Internet - KGNRCF@KGNVMC.vnet.ibm.com

IBM Mail Exchange - USIB27BQ at IBMMAIL

FAX Number - Your International Access Code + 1 + 914 + 385-0662

IBM may use or distribute whatever information you supply in any way it believes appropriate without incurring any obligation to you.

Notices

References in this publication to IBM products, programs, or services do not imply that IBM intends to make these available in all countries in which IBM operates.

Any reference to an IBM licensed program or other IBM product in this publication is not intended to state or imply that only IBM's programs or other products may be used.

IBM may have patents or pending patent applications covering subject matter in this publication. The furnishing of this publication and the information contained on these CD-ROMs does not give you any license to these patents. You can send license inquiries, in writing, to the IBM Director of Commercial Relations, IBM Corporation, Purchase, NY 10577.

Disclaimer of Warranty for “AS IS” IBM Publications

The following paragraph does not apply to the United Kingdom or any country, province, or state where such provisions are inconsistent with local law:

INTERNATIONAL BUSINESS MACHINES CORPORATION PROVIDES THIS DOCUMENTATION ON AN “AS IS” BASIS WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Some states, provinces, and countries do not allow the exclusion of expressed or implied warranties in certain transactions; therefore, the above exclusion may not apply to you.

Using and Distributing the IBM Library Reader

The terms and conditions for using and distributing the IBM Library Reader are stated in a separate document entitled “Program License Agreement” packaged with this kit. Before breaking the wrapper and opening the protective case containing the CD-ROMs, you must first read and agree to the terms and conditions specified in this License Agreement. If you do not accept the terms and conditions stated in this License Agreement, do not unwrap or open the protective case. Contact your IBM representative.

If you must give copies of this License Agreement to others, there is an online version in a file named PLALRENG.AGR on each CD-ROM in the Starter Kit. The file is in ASCII format and can be printed from your personal computer. The following example assumes that your CD-ROM drive letter is D. If your CD-ROM drive is not D, replace the letter in the example with the letter you are using. To print this file, insert any Starter Kit CD-ROM into your CD-ROM drive, and use the PRINT command with the drive letter of your CD-ROM drive. For example:

```
print d:\plarleng.agr
```

Copying and Distributing Softcopy Files

Unlicensed Books: The terms and conditions for using softcopy unlicensed books are stated in a file called BOOKENG.AGR. Before using the CD-ROMs in this Starter Kit, you must first read and agree to the terms and conditions specified in the file BOOKENG.AGR.

There is a copy of the BOOKENG.AGR file on each CD-ROM in the Starter Kit. The file is in ASCII format and can be displayed or printed from your personal computer. The following examples assume that your CD-ROM drive letter is D. If your CD-ROM drive is not D, replace the letter in the example with the letter you are using. To print this file, insert any Starter Kit CD-ROM into your CD-ROM drive, and use the PRINT command with the drive letter of your CD-ROM drive. For example:

```
print d:\bookeng.agr
```

To display this file, insert any Starter Kit CD-ROM into your CD-ROM drive, and use the TYPE command. For example:

```
type d:\bookeng.agr | more
```

Licensed Books: The terms and conditions for using softcopy licensed books are stated in the Licensed Program Specifications for the product libraries in the Starter Kit.

There are no licensed books on the Starter Kit CD-ROMs.

Chapter 1. Introducing the IBM Online Library: Starter Kit

The IBM Online Library: Starter Kit is a prepackaged set of four CD-ROMs containing over 1300 IBM manuals from more than 170 IBM software and hardware product libraries. It is a collection of IBM books that is distributed on CD-ROMs as a part of the IBM Online Library. The Starter Kit also includes the IBM Library Reader for both OS/2 and DOS workstations.

The Starter Kit is a convenient way to help you set up an IBM Online Library in your organization. It permits you to put a large number of IBM manuals online immediately and saves you the inconvenience of handling individual IBM product libraries on many CD-ROMs and tapes. After you install the Starter Kit, you can search this catalog online to find the location and description of the books and bookshelves for any product library in the Starter Kit.

To use the Starter Kit in setting up an IBM Online Library, you can install the IBM BookManager Library Reader/2 or Library Reader/DOS, which are included on the CD-ROMs in the Starter Kit, or you can use the IBM BookManager READ/2 or READ/DOS licensed programs, which you may already have. For instructions on installing and using the IBM Library Readers or using BookManager READ/2 or READ/DOS with the IBM Online Library, see the booklet *IBM Online Library: Getting Started*, GC23-0545, which is included in the Starter Kit.

What Is the Purpose of This Booklet?

This booklet is intended for anyone who wants to know which product libraries and books are included in the Starter Kit and where to find them on the Starter Kit CD-ROMs. It contains a directory and a catalog. The directory summarizes the product libraries and their location on the Starter Kit CD-ROMs. The catalog describes each product library and lists the books that are included in each product library. Each CD-ROM includes an online version of the catalog to help you search for product libraries and books in the Starter Kit.

The Starter Kit also contains two booklets:

- *IBM Online Library: Getting Started*, GC23-0545

The *Getting Started* booklet is intended for any workstation user. It explains how to install the IBM Library Reader and use the Starter Kit collection to create an IBM Online Library on your workstation.

- *IBM Online Library: Distributing and Customizing the Library*, GC23-3129

The *Distributing and Customizing* booklet is intended for experienced workstation users who want to customize the Starter Kit or distribute it within their organizations or for system administrators who want to centralize the management and support of the IBM Online Library in their organizations.

The Starter Kit also contains online versions of the books *IBM BookManager READ/2* and *IBM BookManager Library Reader/2 Displaying Online Books* and *IBM BookManager READ/DOS* and *IBM BookManager Library Reader/DOS: Displaying Online Books*. These books are intended for anyone who wants instructions for using any of the BookManager reader products.

Using This Booklet

To use this booklet:

1. Turn to Chapter 2, "Directory to the IBM Online Library" on page 13.
2. Look up the name of the product you are interested in. For example, if you want to find the MUMPS product library, you would see an entry in the directory on page 27 that looks like this:

Product Library and Page in Catalog	Bookshelf	MVS	VM	VSE	OS/ 400	OS/ 2	DOS	AIX	Hdw	Non
MUMPS/VM 159	EZ2VMMHA		2							

This entry tells you that MUMPS is a VM product; it is on Starter Kit CD-ROM 2 in a bookshelf named EZ2VMMHA.

3. If you want to look at the list of books in this product library, turn to page 159 in Chapter 3, "Catalog of Product Libraries in the IBM Online Library" on page 41.

Using the Online Version of This Booklet

To use the online version of this booklet:

- 1** Select any Starter Kit CD-ROM.
- 2** Insert the CD-ROM in the drive.
- 3** Start the IBM Library Reader or BookManager READ to open the Online Library.
- 4** Press ENTER to remove the Welcome panel from the screen.
The list of bookshelves on the CD-ROM you chose appears on the screen.
- 5** Find the bookshelf that contains the online version of the *Catalog of Books*. It is in a bookshelf file named EZ200001 on each CD-ROM. This bookshelf should be first in the list.
- 6** Select the bookshelf named EZ200001.
A window will appear listing a single book named EZ202MST.
- 7** Go to the action bar for that window, and select Search.
If you use the same example as before, MUMPS/VM, you can search this online catalog for the word MUMPS without opening its bookshelf.

For OS/2:

In the window that appears, select Search bookshelf....

For DOS:

In the window that appears, select 2. Set up search....

- 8** In the window that appears, type the word or phrase you want to find. This can be the name of the product or the title of the book. For example, for MUMPS/VM, type:

mumps

You will see a list of the topics in the catalog that contains the word or phrase you typed. For MUMPS/VM, there is only one topic listed.

- 9** Select the topic from the list.

The following topic appears on your screen:

Books View Search Notes Options

89.0 MUMPS/VM Version 3 Release 2

Copyright IBM Corp. 1992

Full name: Massachusetts General Hospital Utility Multi-Programming System/VM Version 3

Program identification: 5706-218

CD-ROM number: 2 (VM)

Name of bookshelf and bookshelf search index: EZ2VMMHA

Size: 1.253MB for all books, .001MB for bookshelf, and .386MB for bookshelf search index

Note: These books are also on the product tape, but with a different bookshelf and bookshelf search index.

What Is on the Starter Kit CD-ROMs

The IBM Online Library Starter Kit is organized on four CD-ROMs, which contain books for:

CD-ROM 1 The product libraries for the MVS platform

CD-ROM 2 The product libraries for the VM, VSE, OS/2, DOS, AIX PS/2, AIX/370, and AIX/6000 platforms

CD-ROM 3 The product libraries for the OS/400 platform

CD-ROM 4 The product libraries for the DPPX and 4680 platforms, the libraries for the 3174, 6090, 9340, ES/9000, ESCON, IDNX, LAN, Optical Media Attach, and PS/2 hardware products, and non-product-related books, such as Systems Application Architecture (CUA, CPI, and CCS) and SystemView.

Each CD-ROM contains:

- A bookshelf for each of the platforms on the CD-ROM
(\shelves\ez2ppsss.bks)
- A bookshelf search index for each of the platforms on the CD-ROM except MVS and VM. (\books\ez2ppsss.bki)
- A bookshelf for each of the product libraries on the CD-ROM
(\shelves\ez2ppsss.bks)
- A bookshelf search index for each of the product libraries on the CD-ROM
(\books\ez2ppsss.bki)

- The books for each of the product libraries on the CD-ROM
(\books\bbbbbbbbb.booo)

Note: The characters *ppsss* represent different letters and numbers that are assigned to each bookshelf and bookshelf search index in the Starter Kit. For an explanation of these characters, see "How Bookshelves Are Named" on page 10. The characters *bbbbbbbbb* represent different letters and numbers assigned to each book in the Starter Kit. Books are named according to a pattern determined by each product library.

Each CD-ROM also contains online versions of the following IBM Online Library and IBM Library Reader booklets:

- *IBM Online Library: Getting Started* (\books\ez201mst.booo)
- *IBM Online Library: Starter Kit Catalog of Books* (\books\ez202mst.booo)
- *IBM Online Library: Distributing and Customizing the Library*
(books\ez203mst.booo)
- *IBM BookManager READ/2 and IBM BookManager Library Reader/2:
Displaying Online Books* (books\epa03mst.booo)
- *IBM BookManager READ/DOS and IBM BookManager Library Reader/DOS:
Displaying Online Books* (books\eo2mst.booo)
- *IBM Softcopy Receiver Tool: User's Guide* (books\ez2scmst.booo)

These online versions may help you find what you want and help you use the Library Reader.

The following other files are also on each Starter Kit CD-ROM:

- An ACSII copy of the IBM softcopy agreement, *Authorized Use of IBM Online Books* (\bookeng.agr)

- An ASCII copy of the IBM Program License Agreement for the IBM SAA BookManager Library Reader/2 and IBM BookManager Library Reader/DOS (\plalreng.agr)
- Two versions of the README file (\readme in ASCII and \readme.boo in BookManager format)
- An ASCII copy of the booklet *IBM Online Library: Getting Started*, GC23-0454 (\ez201mst.txt)
- An ASCII copy of the book *IBM Softcopy Receiver Tool: User's Guide* (\ez2scmst.txt)
- The IBM BookManager Library Reader/2 and IBM BookManager Library Reader/DOS programs (\ez2inst\ez2fls2.exe and \ez2inst\ez2fls.exe)
- The IBM Library Reader Installation Programs (\ez2inst\ez2ins.exe and \ez2inst\ez2ins1)
- The IBM Bookshelf Upload Programs for MVS and VM (\upload\ez2ucdm.exe, \upload\ez2ucdv.exe, and \upload\indsbmgr.rex)
- The IBM Library Reader Package for uploading the Library Reader to a host and downloading it to a workstation without a CD-ROM drive (\ez2inst\ez2pack.exe)

How the Starter Kit is Organized into Bookshelves

The Starter Kit is organized into bookshelves. Each CD-ROM in the Starter Kit contains the product libraries for one or more platforms, such as MVS, VM, VSE, OS/400, or OS/2. Each product library is placed into its own product bookshelf. There is also a bookshelf for each platform on the CD-ROM. The platform bookshelf contains all the books in each of the product libraries that apply to that platform. So, the same book may appear in two or more bookshelves as the following illustration shows.

Each book is listed both in its product bookshelf and in its platform bookshelf. For example, the DB2 books are listed in the DB2 bookshelf; the IMS books are listed in the IMS bookshelf, and both sets of books are listed in the MVS bookshelf. Products that run on more than one platform have separate product bookshelves for each platform. Books may be repeated in those bookshelves; so you do not need to change CD-ROMs.

Some platform bookshelves do not contain all the product libraries for the platform, and some product libraries do not contain all the books in the product library.

How Bookshelves Are Named

The bookshelves in the Starter Kit are named according to the following pattern:

EZ2ppsss

Where:

EZ2 is the three-character identifier for the IBM Online Library.

pp is a two-character identifier for the platform to which the bookshelf applies. The identifiers are:

00 = *Catalog of Books*

46 = 4680 Store System

A2 = AIX PS/2

A3 = AIX/370

A6 = AIX/6000

D0 = DOS

DP = DPPX

HW = Hardware

MV = MVS

NP = Nonproduct

IBM Dictionary

IBM Mail Exchange

IBM SystemView

IBM Systems Application Architecture (SAA CUA, CPI, and CCS)

O2 = OS/2

O4 = OS/400

VM = VM

VS = VSE

ZZ = The IBM Online Library booklets

SSS is a three-character identifier that identifies the bookshelf. Bookshelves that contain product libraries use letters from “AAA” through “ZZZ.” Bookshelves that contain entire platform libraries use the number “000.”

These identifiers also control the alphabetical listing of the bookshelf by product when you open the Starter Kit.

Chapter 2. Directory to the IBM Online Library

The directory lists the IBM product libraries in the Starter Kit and identifies:

- The name of the bookshelf for the product library
- The location of the entry in the catalog that describes the product library and lists all its books
- The Starter Kit CD-ROM that contains the product library: 1, 2, 3, or 4
- The platform to which the product library applies: MVS, VM, VSE, OS/400, OS/2, DOS, or AIX operating systems, hardware, or nonproduct

Notes:

¹The IBM Library Readers run only on the OS/2 and DOS platforms but have been included on all four CD-ROMs for your convenience.

²DPPX/370 is an independent operating system.

³The IBM Mail Exchange is part of the IBM Information Network.

⁴The IBM Online Library booklets have been included on all four CD-ROMs for your convenience.

⁵The *IBM Softcopy Receiver Tool: User's Guide* have been included on all four CD-ROMs for your convenience.

⁶The *IBM Online Library: Starter Kit Catalog of Books* have been included on all four CD-ROMs for your convenience.

⁷The 4680 Store System runs only on the 4680 Store System hardware.

Chapter 3. Catalog of Product Libraries in the IBM Online Library

The catalog lists the product libraries in the IBM Online Library and includes:

- The full name of the product library
- The program identification number for the product
- The Starter Kit CD-ROM that contains the product library: 1, 2, 3, or 4
- The name of the bookshelves and bookshelf search indexes for the product library
- The size of the product library in megabytes
- A list of the books included in the product library with hardcopy order numbers, file names, and sizes in megabytes

Note: Sizes are given in megabytes, rounded up to the nearest thousandth (1MB = 1 048 576 bytes).

If you are uploading files to a host, you might want information about capacities on DASD devices. There are .811MB per cylinder on a 3390 DASD and .680MB per cylinder on a 3380 DASD. You can add the sizes of the books, bookshelf search indexes, and bookshelves you want to upload and divide that total by the MB per cylinder for the DASD device you are using; this gives you the number of cylinders of DASD you will need.

The following sizes may also be helpful if you are calculating capacities to transfer books to or from a host:

- The size of the platforms in the Starter Kit in megabytes:

Platform	Books	Product Indexes	Platform Indexes
AIX/370	16	13	5
AIX/6000	12	4	2
AIX PS/2	20	15	5
DOS	3	2	1
Hardware	120	14	7
MVS	487	112	*
Nonproduct	37	4	n/a
OS/2	11	7	2
OS/400	308	90	30
VM	286	74	*
VSE	116	48	23

Note: *Platform indexes for MVS and VM are not available.

The sizes of bookshelves are not listed because they are so small (typically, less than 3KB) that they are insignificant.

- Sizes of the contents of each CD-ROM in the Starter Kit in megabytes:

CD-ROM	Books	Indexes	Total
1	490	114	604
2	360	162	522
3	311	150	461
4	158	18	176

- Sizes of the contents of the entire Starter Kit in megabytes:

All books	1140
All bookshelves	1
All bookshelf indexes	352

AConnS

Program identification:

- SAA Application Connection Services/MVS, 5685-117
- SAA Application Connection Services/VM, 5684-099

CD-ROM number: 1 for MVS, or 2 for VM

Name of bookshelf and bookshelf search index: EZ2VMBBA for MVS, or EZ2VMBBA for VM

Size: 3.683MB for all books, .001MB for bookshelf, and .566MB for bookshelf search index

Note: These books are also on the product tape, but with a different bookshelf and bookshelf search index.

Title	Order No.	File Name	MB
AConnS General Information	GC33-0618-01	BPSR0MST	.078
AConnS Installation and System Management for VM	GC33-0691-01	BPSR2MST	.441

Ada/370 Release 2

Program identification:

- Ada/370 (Release 2), 5706-292
- Ada Runtime Library/370 (Release 2), 5706-295

CD-ROM number: 1 for MVS, or 2 for VM

Name of bookshelf and bookshelf search index: EZ2MVBEA for MVS, or EZ2VMBEA for VM

Size: 1.960MB for all books, .001MB for bookshelf, and .597MB for bookshelf search index

Note: These books are also on the product tape, but with a different bookshelf and bookshelf search index.

ISPF and ISPF/PDF for MVS Version 3 Release 2

Full names:

- Interactive System Productivity Facility for MVS Version 3
- Interactive System Productivity Facility/Program Development Facility for MVS Version 3

Program identification:

- ISPF Version 3 (Release 2) for MVS, 5685-054
- ISPF/PDF Version 3 (Release 2) for MVS, 5665-402

CD-ROM number: 1 (MVS)

Name of bookshelf and bookshelf search index: EZ2MVLNA

Size: 6.957MB for all books, .001MB for bookshelf, and 1.078MB for bookshelf search index

Note: These books are also on the product tape, but with a different bookshelf and bookshelf search index.

Title	Order No.	File Name	MB

Library Reader/DOS

Full name: BookManager Library Reader/DOS

CD-ROM number: 1, 2, 3, or 4

Name of bookshelf and bookshelf search index: EZ2ZZ001

Note: The Library Reader/DOS is a special edition of BookManager READ/DOS that displays only books in the IBM Online Library.

Title	Order No.	File Name	MB
Displaying Online Books	SB35-0817-02	EOZ2MST	.160

Library Reader/2

Full name: SAA BookManager Library Reader/2

CD-ROM number: 1, 2, 3, or 4

Name of bookshelf and bookshelf search index: EZZZZ001

Note: The Library Reader/2 is a special edition of BookManager READ/2 that displays only books in the IBM Online Library.

Title	Order No.	File Name	MB
SAA BookManager READ/2: Displaying Online Books	SB35-0801-02	EPA03MST	.738

MUMPS/VM Version 3 Release 2

Full name: Massachusetts General Hospital Utility Multi-Programming System/VM Version 3

Program identification: 5706-218

CD-ROM number: 2 (VM)

Name of bookshelf and bookshelf search index: EZ2VMMHA

Size: 1.253MB for all books, .001MB for bookshelf, and .386MB for bookshelf search index

Note: These books are also on the product tape, but with a different bookshelf and bookshelf search index.

Title	Order No.	File Name	MB

MVS/ESA SP-JES3 Version 4 Release 2.0

Program identification: 5695-048 (JES3 3.1.3 and BCP 4.2.0)

CD-ROM number: 1 (MVS)

Name of bookshelf and bookshelf search index: EZ2MVMWA

Size: 29.367MB for all books, .005MB for bookshelf, and 5.726MB for bookshelf search index

Note: These books are also on *MVS/ESA CD-ROM Softcopy Reference Disc for JES3 Installations*, SK2T-1201-01, but with different bookshelves and bookshelf search indexes.

NCP Version 5 Release 4, SPP Version 3 Release 6, and EP Release 9

Full names:

- Advanced Communications Function for Network Control Program Version 5
- Advanced Communications Function for System Support Programs Version 3
- Emulation Program for IBM Communication Controllers

Program identification:

- NCP Version 5 (Release 4), 5668-738
- SSP Version 3 (Release 6), 5665-338
- EP (Release 9), 5735-XXB

CD-ROM number: 1 for MVS, or 2 for VM or VSE

Name of bookshelf and bookshelf search index: EZ2MVNHA for MVS, EZ2VMNHA for VM, or EZ2VSNHA for VSE

Size: 3.242MB for all books, .001MB for bookshelf, and .906MB for bookshelf search index

Note: These books are also on the product tape, but with a different bookshelf and bookshelf search index.

NetView Version 2 Release 2

Program identification:

- NetView Version 2 (Release 2) for MVS/XA, 5685-138
- NetView Version 2 (Release 2) for MVS/ESA, 5685-111
- NetView Version 2 (Release 2) for VM/SP, 5684-111
- NetView Version 2 (Release 2) for VM/ESA, 5756-051
- NetView Version 2 (Release 2) for VSE, 5686-038

CD-ROM number: 1 for MVS, or 2 for VM or VSE

Name of bookshelf and bookshelf search index: EZ2MVNKA for MVS, EZ2VMNKA for VM, or EZ2VSNKA for VSE

Size: 13.300MB for all books, .002MB for bookshelf, and 2.378MB for bookshelf search index

Note: These books are also on the product tape, but with a different bookshelf and bookshelf search index.

PLANT FLOOR SERIES Distributed Automation Edition Products

Program identification:

IBM PLANT FLOOR SERIES Distributed Automation Edition:

- Tools/2, 5621-221
- Data Collection Device Support/2 (Release 1.1), 5621-135
- Extended Device Support/2, 5621-183
- General Information (Release 2.1), 5601-116

CD-ROM number: 2 (OS/2)

Name of bookshelf and bookshelf search index: EZ2O2PTA

Size: 1.050MB for all books, .001MB for bookshelf, and .335MB for bookshelf search index

Note: These books are also on diskette, but with a different bookshelf and bookshelf search index.

Title	Order No.	File Name	MB
Installing and Using Tools/2	SC28-8287-00	E9CPUI	.402
Installing and Using Data Collection Device Support/2	SC28-9510-00	E9CZDC	.312

SGML Translator for the DCF Release 2

Full name: SGML Translator for the Document Composition Facility

Program identification: 5684-025

CD-ROM number: 1 for MVS, or 2 for VM

Name of bookshelf and bookshelf search index: EZ2MVSBA for MVS, or EZ2VMSBA for VM

Size: 2.261MB for all books, .001MB for bookshelf, and .265MB for bookshelf search index

Note:

- These books are also on the product tape, but with a different bookshelf and bookshelf search index.
- Because these books were built with the first release of BookManager, they do not have hypertext links and do not allow line scrolling.

VM/ESA Release 1.1

Program identification: 5684-112 (with the ESA feature)

CD-ROM number: 2 (VM)

Name of bookshelf and bookshelf search index: EZ2VMUHC

Size: 25.281MB for all books, .005MB for bookshelf, and 7.332MB for bookshelf search index

Note: These books are also on CD-ROM *VM/ESA Softcopy Library*, SV21-9131-02, but with a different bookshelf and bookshelf search index.

VMPPF Version 2 Release 2

Full name: Virtual Machine Performance Planning Facility Version 2

Program identification: 5684-090

CD-ROM number: 2 (VM)

Name of bookshelf and bookshelf search index: EZ2VMUKA

Size: .652MB for all books, .001MB for bookshelf, and .308MB for bookshelf search index

Note: This book is also on the product tape, but with a different bookshelf and bookshelf search index.

Title	Order No.	File Name	MB
VM Performance Planning Facility Guide and Reference	SH24-5230-01	DBYBMST	.652

VM PWSCS

Full name: VM Programmable Workstation Communication Services

Program identification: 5684-138

CD-ROM number: 2 for AIX PS/2, AIX/6000, DOS, or OS/2

Name of bookshelf and bookshelf search index: EZ2A2ULA for AIX PS/2, EZ2A6ULA for AIX/6000, EZ2O2ULA for OS/2, or EZ2DOULA for DOS

Size: .234MB for all books, .001MB for bookshelf, and .101MB for bookshelf search index

Title	Order No.	File Name	MB
VM PWSCS Documentation	GC24-5647-01	ACPZMST1	.234

VM/XA SP Release 2.1

Full name: VM/XA System Product

Program identification: 5664-308

CD-ROM number: 2 (VM)

Name of bookshelf and bookshelf search index: EZ2VMUNA

Size: 51.191MB for all books, .004MB for bookshelf, and 4.582MB for bookshelf search index

Note:

- These books are also on the product tape, but with a different bookshelf and bookshelf search index.
- The VM/XA SP books on the product tape were built with BookManager Release 1 and do not have hypertext links or allow line scrolling. The VM/XA SP books in the Starter Kit were built with BookManager Release 2 and do have hypertext links and do allow line scrolling.

6090 Graphics System

CD-ROM number: 4 (hardware)

Name of bookshelf and bookshelf search index: EZ2HWWQA

Size: 32.710MB for all books, .002MB for bookshelf, and .445MB for bookshelf search index

Note: Because several of these books were built with the first release of BookManager, they do not have hypertext links and do not allow line scrolling. Their file names are EY8R2MST, EY812MST, EY830MST, and EY840MST.

9340 Direct Access Storage Subsystems

CD-ROM number: 4 (hardware)

Name of bookshelf and bookshelf search index: EZ2HWWTA

Size: 1.996MB for all books, .002MB for bookshelf, and .496MB for bookshelf search index

Note: These books are also on CD-ROM *IBM 9340 Subsystems and ICKDSF*, SK2T-1209-00, but with a different bookshelf and bookshelf search index.

Title	Order No.	File Name	MB
IBM 9340 Direct Access Storage Subsystems Introduction	GC26-4694-00	AM2I1000	.187
